COVERT VEHICLE TRACKER

---

# VALKYRIE

---

Luxury vehicles and classic cars are always on the criminal's shopping list. Often stolen to order, they are almost instantly sold on, meaning your prized asset could quickly be on its way out of the country never to be seen again. Valkyrie provides specialist covert tracking equipment that is easily installed in a single vehicle or multi-vehicle collection, reports in daily, and can be monitored from any internet-enabled device. It is self-powered, quick and easy to install, adding immediate, state-of-the-art security protection to your prized possessions.

# COSTS AND FITTING INFORMATION

---

Valkyrie Asset Tracking Solutions allow you to locate, monitor and optimise your vehicles and personal assets. Our advanced trackers use the latest technology, providing pinpoint accuracy whether periodically or in real time. All Valkyrie trackers are wireless, and have an intelligent power management system in order to reduce power consumption and prolong battery life.

#### Costs:

- £895 + VAT (per Sentinel tracker) for a two year period\*
- 10% discount available on additional trackers purchased to be fitted at the same location

#### Includes:

- Valkyrie technician to fit tracker at vehicle(s) location
- Valkyrie third party monitoring (upon request)
- Multi positioning device - only multi-network SIM cards utilised for GSM component
- Call-out service in the event of technical issues
- Tamper alert – notification of removal from original installation
- Waterproof to IPX5 rating
- Operating temperature, -20°C to +70°C
- Device battery monitoring and low battery notification (via Valkyrie)
- Stolen Vehicle Recovery (SVR): Utilising Valkyrie's extensive resources and partner matrix across the security sector, we are able (on request) to recover high-value vehicles should they be stolen. If the client requires SVR services we will assess all circumstances of the loss on a case-by-case basis and, where recovery is deemed possible, quote the client for recovery
- Fully transferable between vehicles (Terms and Conditions apply)
- Access to the Valkyrie tracker app
- Addition of CCTV feed to Valkyrie tracker app (on assessment/if compatible)
- Two year device warranty

#### Notes:

- Fitting costs are calculated on locations inside the M25, locations outside the M25 will incur additional costs, such as travel. These costs will be calculated on a case-by-case basis
- \*Subsequent two year periods will be charged at £550 + VAT
